Yukon Energy Corporation and  
All Interested Parties  
Carmacks-Stewart Transmission Project

**Re Intervenor and Observer Applications**

Pleased be advised that the Board awards Intervenor status to the following parties for the purpose of the review and hearing directed by the Minister of Justice as a result of Yukon Energy Corporation's application under Part 3 of the *Public Utilities Act* for an energy project certificate and an energy operation certificate regarding the proposed Carmacks-Stewart Transmission Project:

1. Yukon Electrical Company Limited (YECL)
2. Utilities Consumers' Group (UCG)
3. Yukon Conservation Society (YCS)
4. Peter Percival (Percival)
5. Yukon Sustainable Energy Association (YSEA)

In addition, the Board grants Observer status to

1. John Maissan
2. Gary McRobb
3. Val Mather (or his designate)
4. Lawrie Crawford

The Board reminds that it will not be rehearing the Power Purchase Agreement (PPA) issues, but the impact of the Board's findings on the PPA application can be considered, as set out in Board Order 2007-4. In addition, issues which are not part of the Minister's terms of reference — such as routing — will not be considered.

The Board recognizes the concerns from some parties that the timeframes for this hearing are tight but the Board has set this schedule in order to meet the May 31 deadline set by the Minister.

Sincerely,

per: Malcolm Florence  
Vice-Chair
