Attention: Mr. Bruce McLennan
 Chair

Dear Sir:

Re: Board Order 2010-6
An Application by Yukon Electrical Corporation Ltd. and Yukon Energy Corporation for a 2009 Joint Phase II Rate Application

Further to Board Order 2010-6, we wish to advise that the City of Whitehorse (the "City") intends to participate and wishes to be registered as an Intervenor in the above-cited matter presently before the Yukon Utilities Board (the "Board").

The City is a General Service Municipal customer and a Secondary Sales customer. The City also represents the interests of its residents and businesses, who comprise the majority of the Yukon's residential and general service electricity customers. The City's mandate is to represent the interests of all the ratepayers within its municipal boundaries and to advocate appropriately on their behalves. In noting that the interests of these customers may conflict at times, the City will endeavour to present a balanced position that promotes a fair outcome for all customers. In this proceeding, the City plans to primarily pursue the matters of rate design, the cost of service study, Demand Side Management ("DSM"), Rider "D" and the terms and conditions of service (including maximum investment levels). The City provided a detailed list of issues in its letter of January 15, 2010 and generally refers the Board to this document when developing its list of issues for this proceeding.

The City does not take issue with the process schedule as proposed by the Board in Order 2010-6.

We would ask that the following individuals be provided with all information and notices with respect to this matter:
